WORK EXPERIENCE

Flutter Developer

Aug 2025 - May 2026

NextPak Agile Solutions(Rawalpindi)

- Developed end-to-end features for Tealpot (blue-collar worker marketplace) including Guest Mode, Resume Upload, and job filters using Flutter, Provider, and REST APIs
- Built and maintained ServicePro360 schedule module with multi-column day view, team management, and real-time job tracking using GetX and Firebase
- Implemented pagination, golden tests, and Supabase data optimization for New Leaf app
- Applied feature-based clean architecture across all projects for scalability and separation of concerns

Flutter Developer Intern

Feb 2025 - Jul 2025

NextPak Agile Solutions(Rawalpindi)

- Contributed to Tealpot project by building UI components and screens using Flutter and Provider
- Integrated REST APIs and Firebase for real-time data fetching under senior developer guidance
- Implemented state management using GetX and Provider across multiple screens
- Participated in code reviews, sprint planning, and agile team workflows
